

DVV Clarifications

Metrics Level Deviation

7.1.3

Quality audits on environment and energy regularly undertaken by the Institution. The institutional environment and energy initiatives are confirmed through the following:

- Green audit / Environment audit
- Energy audit
- Clean and green campus initiatives
- Beyond the campus environmental promotion activities

HEI Input: A. All of the Above

DVV Suggested: D. Any 1 of the above

Change Input: A. All of the above

Findings of DVV

1) *Kindly Provide the report on Green audit & Energy audit in assesment period.*

Response of HEI: ISO certified energy, green and environment audits done for the session 2021-2022 and 2022-2023.

2) *Geo tagged photographs with caption & date. of Clean & green campus initiatives.*

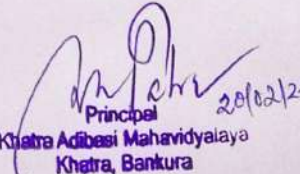

Response of HEI: We are providing geo tagged photographs with caption and date of Clean and Green Campus initiatives in Supporting Documents

3) *Action taken reports and achievement report as clear and Green campus initiatives.*

Response of HEI: Reports Attached in Supporting Documents

Supporting Document:

1. ISO certified Energy Audit Certificates (2021-2022 and 2022-2023)
2. ISO certified Green Audit Certificates (2021-2022 and 2022-2023)
3. ISO certified Environment Audit Certificates (2021-2022 and 2022-2023)
4. Letter of Appreciation (2021-2022 and 2022-2023)
5. Certificate of Registration (Energy Management System)
6. Certificate of Registration (Quality Management System)
7. Certificate of Registration (Environmental Management System)
8. Reports
9. Invoice cum receipt
10. Reports on Green Campus Initiative

Letter of Appreciation

For

Implementing the recommendations suggested during the

Green, Energy and Environment Audit Process

Awarded to

KHATRA ADIBASI MAHAVIDYALAYA

With reference to the above cited subject we appreciate the efforts of the College in implementing the activity of printing and putting up awareness posters related to Cleanliness, Energy, Waste, Water, Save Environment. The College has printed these and put them at appropriate locations in the premise. We hope the College continues similar efforts in the future as well. We have attached some of the photographic evidences in this letter.

Best regards,

Amallesh Ks Mandal

Policy Document on the Green Campus

Context

Khatra Adibasi Mahavidyalaya is a leading Degree college located at Khatra, Bankura district. The college started its journey in 1979. The total existing area of the college is 24 acres. The college has been proactive in implementing sustainable practices to create a clean, green, and eco-friendly campus.

Objectives of the college's Green Policy:

Creating Awareness:

The college aims to raise awareness about environmental issues among its community. This includes students, teachers, and non-teaching staff.

Biodiversity and Resource Conservation:

The institution strives to protect and conserve biodiversity and natural resources within its campus. This involves sustainable practices to minimize environmental impact.

Promoting Eco-Friendly Practices:

Sensitizing students, teachers, and staff to reduce pollutant usage and encouraging the use of environmentally friendly products.

Community Outreach:

Beyond the campus, the college aims to raise awareness among the local population. The goal is to promote judicious use of natural resources.

In summary, the college's Green Policy focuses on sustainability, awareness, and responsible practices both within and beyond its premises

Policy

Infrastructural Initiatives

Energy conservation Measures

The institution has facilities for alternate sources of energy and energy conservation measures such as

solar energy, sensor-based energy conservation and use of LED bulbs and power efficient equipment.

Water Conservation Measures

For the purpose of water conservation there are water tanks in the college campus.

Waste Management Initiatives

The institution is dedicated to maintaining a clean and environmentally friendly campus by effectively managing both degradable and non-degradable waste.

Solid Waste Management

Regular activities of the college generate solid wastes such as paper, plastics, glass, metals, food residue and packaging materials etc. The waste is collected and segregated properly at each level and source. The segregated waste materials are accumulated in separate dustbins based on the possibilities of recyclability and biodegradability of the wastes. The institution vows to diminish plastic use in the college campus and make plastic free college campus. There are electronic wastes as well. Outdated /damaged electronic wastes are mostly disposed of or sometimes repaired and reused. For management of solid waste dustbins are provided on the campus at various places to keep it neat and clean. Transport arrangements are made for disposing of solid waste through the Municipality.

Liquid Waste Management

Liquid waste is generated during food preparation from Canteen and Hostel. For management of liquid

Waste the Drainage System is well maintained for the passage of liquid waste from the Hostel.

Practical

Labs have taken measures to ensure that all chemicals are diluted before discarding them in the wash basin.

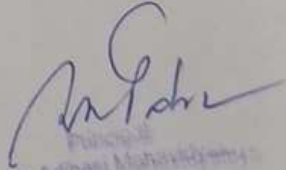

Green Campus Initiatives

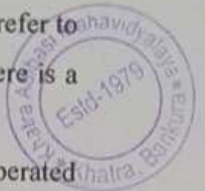

- In our college many students use bicycles to reach the college. Some teachers also prefer to use bicycles to reach college. This adds to pollution free environment in the college. There is a bicycle stand in the college where all bicycles are parked safely.
- Many teachers use battery operated vehicles to reach the college instead of fuel operated vehicles. This is another green campus initiative of the college. Parking area is allotted for parking these vehicles in the college campus as well.
- The college campus has pedestrian friendly pathways which are used by students, teaching staff and non-teaching staff of the college to reach different wings of the college.
- There is plenty of greenery in the college that contributes towards carbon free environment. Plantation programmes are undertaken by NSS from time to time for adding to the greenery of the campus. World Environment Day is celebrated every year on 5th June by distribution saplings and planting trees in the college campus. NSS units also participate in beyond the campus environmental protection activities such as sapling distribution to nearby adopted villages, organizing Anti-tobacco rally and Bicycle race in adopted villages.
- Our college campus is an entirely plastic free and smoke free zone.
- The college takes utmost care in conserving energy. Students are directed to switch off lights and fans of the classrooms once their classes are over.
- Most of the admission related work and examination related work are conducted via electronic mode and use of paper is avoided as far as possible.

Green Audit

Green Audit is conducted by the college for regular identification, quantification, documenting, reporting and monitoring of environmentally important components in the college campus. The institution stands out due to its commitment to renewable energy utilization through solar energy, rainwater harvesting, and effective management of biodegradable waste. The campus promotes eco-friendliness by implementing solid and liquid waste management practices and maintaining a plastic-free environment. Additionally, initiatives such as using LED bulbs and tubes, fostering diverse flora and fauna, and establishing a medicinal plants garden contribute to making the campus an eco-friendly zone.

Two Eco Clubs of the college (GOPAL CH. BHATTACHARYA & ACHARYA J. CH. BOSE ECO CLUB) meticulously maintain the details about each variety of flora and fauna in the college campus. QR codes of all the trees in the campus are also maintained by the Eco Club.

REPORT

CELEBRATION OF WORLD ENVIRONMENT DAY

Organized by

**NCC AND NSS UNITS-I, II AND III, KHATRA ADIBASI
MAHAVIDYALAYA**

Introduction:

Both NCC (National Cadet Corps) and NSS (National Service Scheme) play vital roles in society development and creating awareness among students and their locality by conducting voluntary activities. As per guidelines provided by National Service Scheme (2006), every institution must celebrate International Environment Day every year. NSS Day is celebrated every year in India on 5th June. NSS Units I, II & III organized Sapling Distribution Programme on 5th June 2023.

Goal:

International Environment Day celebration will grow awareness about the environment among NSS volunteers. Various programmes are organized on this day to develop a strong sense of responsibility towards the betterment of society, that will develop each volunteer's personality through community service.

Motto:

Save green environment and thus save life

Aims and Objectives:

- ✓ To understand the community in which they work, their relationship with the community, and to develop a strong sense of responsibility towards the betterment of society. Both NCC and NSS aim for the development of each volunteer's personality through community service. World Environment Day is a celebration to save environment by creating awareness among students and locality.
- ✓ Secondly, students must be aware about the importance of this date.
- ✓ Thirdly, if the people are aware, they can contribute towards green environment which can save our Earth.

Events:

NSS programme officer, volunteers conducted a Sapling Distribution Programme on World Environment Day guided by advisory committee. They collected the sapling from the Ranger, Khata Forest Office and gathered in the college campus. NSS Programme Officers of this college imparted their knowledge regarding importance of this day to the participants. The saplings were distributed among the volunteers and the NSS Programme Officers instructed how to implant and take care of the plants properly and that they should report about the progress of growth of the plants regularly to the programme officer.

REPORT

CELEBRATION OF INTERNATIONAL FORESTRY DAY

Organized by

ECO CLUBS AND NSS WINGS OF KHATRA ADIBASI MAHAVIDYALAYA

Introduction:

The International Day of Forests was established on the 21st day of March, by resolution of the United Nations General Assembly on November 28, 2013. Every year, various events are organized to celebrate and raise awareness of the importance of all types of forests, and trees outside forests, for the benefit of current and future generations. The Eco Clubs of Khatra Adibasi Mahavidyalaya in collaboration with the NSS units of the college conducted a Tree Plantation programme in the adopted village Gourmandipur, Khatra, Bankura on 21st March 2022.

Coordinator

Aims and Objectives:

- To make the villagers understand the importance of forests and various uses that forests have like providing food security, acting as the habitat of numerous species and controlling pollution
- To make the villagers aware about the benefits of planting trees and thus contribute towards adding to the forest cover which is gradually getting depleted
- To make them aware about the harmful effects of deforestation

Events:

Students of Gopal Chandra Bhattacharya Eco Club, Jagadish Chandra Bose Eco club and NSS volunteers of Khatra Adibasi Mahavidyalaya along with few teachers visited the adopted village Gourmandipur, Khatra, Bankura on 21st March 2023 to spread awareness among the villagers about the importance of forests, woodlands and trees in our lives. Students planted trees in the village and watered them and encouraged the villagers to do so to protect the forest cover.

Outcomes:

- Villagers became aware about the importance of forests and trees in our lives
- They planted trees in the village on their own after this awareness campaign
- They gave up the habit of unnecessary cutting of trees in their village

World Bicycle Day

Organised by
NSS UNITS (I, II AND III)
KHATRA ADIBASI MAHAVIDYALAYA

Introduction: -

World Bicycle Day is celebrated every year on June 3. The day aims to develop a culture of cycling for basic transportation, commutation, and strengthening physical and mental health. World Bicycle Day draws attention to recognise the longevity, uniqueness, and versatility of the bicycle, and that it is an affordable, reliable, simple, clean and environmentally fit sustainable means of transport. Cycling is a healthy, low-impact exercise that can be enjoyed by people of all ages, the scraped knees and scratched elbows after falling from our cycles are part of what makes childhood memories of playing so nostalgic.

Theme: -

- The NSS Units of Khatra Adibasi Mahavidyalaya organised a bicycle race on the occasion of World Bicycle Day on 3rd June 2022. The theme for the year 2022 for World Bicycle Day was to celebrate the bicycle's originality, diversity and endurance being utilised for more than 200 years.

Aims and Objectives: -

- The basic objective of the day's celebration is was to develop awareness of necessity of a culture of cycling for basic transportation, commutation, and strengthening physical and mental health among NSS volunteers, students and people of the surrounding area.
- Second, NSS volunteers, Students and people of the surrounding locality of Khatra area will understand the need of cycling to avoid pollution free journey and controlled the environmental hazard.

Events: -

A cycle rally was organised by NSS (Unit-I, II & III). Dr. Nityananda Patra, Principal of Khatra Adibasi Mahavidyalaya, NCC Programme officers, 50 NSS volunteers, NSS Programme Officers of three NSS (Unit-I, II & III) and five faculty members from various departments participated in this celebration. Before the commencement of the event Dr. Sk Aktar Hossain, NSS programme officer of Unit III elaborately discussed the importance and need of that day and also instructed how and where the rally will go forward and finished.
