The Student Mentorship program of the college facilitates constructive interaction & guidance for fresher (1st sem) students by their teachers (mentor). In an academic institute, mentoring is a particular form of relationship designed to provide personal & familial, educational and sometimes professional support to the students throughout the course tenure. The mentor is generally more experienced than the mentee and makes use of that experience in a facilitative way to support and promote the maximum feasible development of the mentee. It is basically a developmental opportunity for both mentor & mentee. In a nutshell, a mentor's role may be perceived to be facilitative, supportive and holistic developmental for the students. They build bridges among stakeholders as follows:

- Principal & Governing Body
- Students & Teachers
- Teachers & Parents
- Teachers & other related Committees & Advisors
- Institute & Alumni.
